PROPERTY RIGHTS DECLARATION

We, Lijun Wu, Nancy Ruffing and David P. Andrew, citizens of the United States, the United States and the United Kingdom, respectively, and residing at 48 Baskin Road, Lexington, Massachusetts, USA; 1301 Franklin Street, Apt. 8, Santa Monica, California, USA; and 1 Bowling Green, Stevenage Herts SG12NY, United Kingdom, respectively, declare that:

1. We made and conceived the invention described and claimed in patent application Serial Number 10/055,789 filed in the United States of America on January 18, 2002, entitled "Anti-CCR4 Antibodies and Methods of Use Therefor."
2. We made and conceived this invention while employed by LeukoSite, Inc. In December of 1999, LeukoSite, Inc. was acquired by Millennium Pharmaceuticals, Inc. as a wholly owned subsidiary. On March 15, 2000, a Certificate of Ownership and Merger merging LeukoSite, Inc. into Millennium Pharmaceuticals, Inc. was executed, and the merger became effective on March 16, 2000. The invention is related to the work we were employed to perform and was made within the scope of our employment duties.
3. The invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of LeukoSite, Inc.
4. To the best of our knowledge and belief, the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

5. To the best of our knowledge and belief, the invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

The undersigned inventors declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
